

Digital Accessibility Essentials

1-hour Webinar

Whether you're teaching, designing content, or supporting learners, you play a vital role in creating inclusive digital experiences. Join us for a 1-hour webinar designed to introduce the foundational concepts of digital accessibility in education.

Who should attend?

This session is perfect for:

- Faculty, instructors, and teaching assistants
- Support staff working with students
- Anyone creating or managing digital content

No prior experience with accessibility is required.
